Dreer's Quarterly Wholesale Price List.

July—August, 1899.

BULB DEPARTMENT.—The immense quantities of Bulbs which we handle, enable us to supply them at the lowest possible prices. Our sources of supply are the best in this country and abroad, the leading growers of the world having for years supplied us with their **choicest stock**. All prices quoted in this list include duty, packing and delivery to any Express or Freight Line in Philadelphia. Should any reduction in prices be made in our September list, customers who place their orders now will receive the benefit of such reductions. You therefore run no risk by placing your order **now**.

SEED DEPARTMENT.—This is in charge of trained experts, and whether your wants may be in Flower, Vegetable, or Agricultural seeds, you may be sure to get only the choicest.

PLANT DEPARTMENT.—Our stock of decorative plants, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stock. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to anyone applying.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS.—We are shipping by express lines to all parts of the country, goods, packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Prepaid 4 pound packages of seeds, plants, and bulbs are carried to California and all distant points for 30 cents each.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of Plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary.

Plants and other perishable goods, when sent in any other way, are solely at Purchaser's Risk.

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. All orders from the trade will be priced according to this list, articles offered in our Retail Catalogue and not offered in this list will be supplied at retail prices less the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, 33½%; Small Tools and Insecticides, 10%; Lawn Mowers, 5%.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account, will please furnish satisfactory reference, otherwise cash must accompany order. To parties of approved credit all bills will be due and payable Ninety (90) days after date of invoice.

Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

In filling out your order, always give **Shipping Directions**, and write **Name and Address Distinctly**.

NON-WARRANTY.—We wish it to be distinctly understood, that although we continue to take all possible pains to supply only New, Genuine and unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants, or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

DREER'S Wholesale Price List of Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes. The plants are all in a clean, healthy, vigorous condition, thrifty and well-grown.

Our Measurements of Plants, where given, as in the case of Araucarias, Palms, etc., etc., means the height of the plant from the top of the pot to the top of the plant in its natural position.

We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

An Invitation. Whenever possible, we solicit a personal inspection of our stock. Our Nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York (Time Tables on application), and something of interest will always be seen. We have considerably increased our facilities for the handling of Aquatic Plants, and our Water Lily Garden is now the largest and most complete in the world. This alone is well worth a visit from the most distant points. Aquatics are at their best from early July until late September. The collection not only includes large lots of the most popular sorts, but all the latest introductions and many new sorts of which we possess the entire stock, and which have not yet been disseminated; the different varieties of Victorias luxuriate here, and from present indications feel safe in saying that one or more sorts will be found in flower any day during the season.

ACALYPHA SANDERI.

Acalypha Sanderi.

Without a doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong free growth with large dark green leaves, from each axil of which, one to two feet long and nearly one inch thick, rope-like spikes of velvety crimson flowers are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the habit and distinct warm coloring of this splendid acquisition.

The plant is in flower the year round and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. 2½ inch pots, 15 cts. each; \$1.50 per dozen; \$12.00 per 100.

Acacia Armata.

A pretty spring flowering variety which produces its flowers in globular heads from the axils of the foliage in such a manner as to completely envelop the plant in a pleasing light yellow; an excellent plant for Easter forcing, succeeding under the same culture as the Azaleas. A nice lot of bushy plants in 5 in. pots. 12 to 15 inches high. 50 cts. each; \$5.00 per doz.; \$35.00 per 100. Ready in October.

Ageratum Princess Pauline.

A most distinct and novel variety of dwarf compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a light sky blue, giving the flower a pretty, variegated appearance; one of the most distinct new bedding plants, and a most desirable plant for the retail trade. 50 cts. per dozen; \$4.00 per 100.

AGAPANTHUS.

Agapanthus Umbellatus Mooreanus.

This compact growing variety of the "Blue African Lily," though introduced in 1879, has been but little disseminated, not because its value was not known, but on account of scarcity. We have now succeeded in working up a large stock, which enables us to offer it at a popular price. It is of dwarfier, more compact habit than the type and much freer flowering, even the smallest plants throwing up strong flower spikes, with large umbels of 30 to 50 beautiful dark blue flowers. The plant is almost hardy and requires but little protection, and will thrive under almost any conditions. 20 cents each; \$2.00 per dozen; \$15.00 per 100.

Allamanda Williamsii.

This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are of a very rich yet delicate tint of yellow, deliciously scented. 3 inch pots, 15 cts. each; \$1.50 per dozen.

Anthuriums.

Andreanum Hybrids. A fine collection of seedling plants from which we can select the following colors, all in large sized flowers: brilliant scarlet, salmon, dark red and rose. 75 cts. and \$1.00 each.

Grande. A pretty foliaged variety, with rich velvety green leaves, the principal veins being banded with silvery white. 75 cts. and \$1.00 each.

Scherzerianum. Brilliant scarlet flowers. 50 cts. each.

Scherzerianum Rothschildianum. Creamy white spotted with crimson. \$1.50 each.

Scherzerianum Sanguineum. Crimson. 75 cts. each.

ARAUCARIA EXCELSA.

Aralia Chaubrieri.

A pretty decorative plant with finely divided bronzy green foliage; makes a fine exhibition plant. Strong 6 inch pots, \$1.00 each; 7 inch pots, \$1.25 each.

Aralia Sieboldii.

Strong 4 inch pots, 15 cts. each; \$1.50 per doz.

Aralia Sieboldii Variegata.

Strong 4 inch pots, 30 cts. each; \$3.00 per doz.

SPECIMEN AZALEA.

Import Orders for

AZALEAS

Special Prices for Immediate Orders.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first-class stock, which cannot be compared with cheap assorted case lots, which are made up in Belgium and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

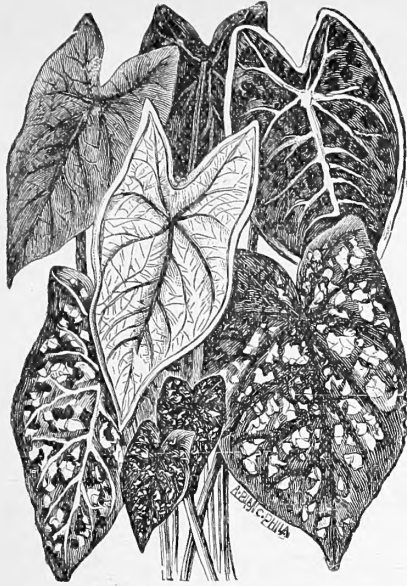

The varieties we supply are only the most popular sorts suited to the American market. Our own representatives make personal inspections of the plants in Belgium previous to shipment, thus enabling us to guarantee satisfaction.

Fancy Leaved Caladium Argyrites.

We have a good stock of this desirable dwarf variety which is not only useful as an ornamental plant, but which can be used to great advantage and with beautiful effect in connection with cut flowers, or in filling fern dishes. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

New Fancy Leaved Caladium Albanense.

The introducer describes this as an entirely new race. The leaves are borne on stout petioles, but unlike our well-known varieties are spear-shaped and of thick leathery texture. The colors are red, green, and creamy yellow, radiating from the centre of the leaf, while the wavy edges are margined with green gray. 3 inch pots, 30 cts. each; \$3.00 per doz.

Cissus Discolor.

A beautiful hot-house climber, that is not grown as extensively as it deserves. 3 inch pots, \$1.25 per doz.; \$10.00 per 100.

CYCAS REVOLUTA.

Crotons.

We offer a selection of 12 choice varieties in 3 inch pots. \$2.00 per dozen; \$15.00 per 100.

Cyperus Alternifolius.

Strong, 3 inch pots, 75 cts. per doz.; \$6.00 per 100.

Cyperus Papyrus.

The Egyptian Paper Plant. We have a fine lot in 4 inch pots, 20 cts. each; \$2.00 per dozen.

Cycas Revoluta.

(Sago Palm.)

We have a large stock of Cycas in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

Dieffenbachia Bausei.

One of the prettiest of the genus, with yellowish green foliage, which is margined and irregularly blotched with dark green, and profusely spotted with white; a fine greenhouse decorative plant. 3 inch pots, 30 cts. each; \$3.00 per dozen.

New Variegated Ivy.

Maderiensis.

Undoubtedly the prettiest of all the variegated Ivies, with large dark green foliage, beautifully blotched and marbled with creamy white. Strong plants in 4 inch pots, 35 cents each; \$3.50 per dozen.

Variegated Bush Ivy.

Silver Queen.

A shrubby variety that does not climb, but grows in bush form. The foliage is a dark glossy green, beautifully edged and splashed with creamy white; a useful plant for decorative purposes or for planting in the border. 5 inch pots, 50 cts. each; \$5.00 per dozen.

DRACENA LINDENI.

DRACENAS.

Godseffiana. Undoubtedly one of the most striking new ornamental foliage plants of recent introduction. The plant is of an entirely different habit and appearance from all other Dracenas; it is of free-branching habit, and throws out many suckers from the base so as to form beautiful compact, graceful specimens in a very short time. Its foliage is broadly lanceolate, 5 to 6 inches long, and 2 to 3 inches wide; of a strong leathery texture; rich dark green color, densely marked with irregular dots and spots of a creamy-white, not unlike an *Aucuba Japonica*, of which the markings in the foliage strikingly remind one. It is a plant which will undoubtedly be grown very extensively for decorative purposes when it becomes more plentiful, as it is very hardy as a house plant, equaling, if not surpassing in this respect, the *Aspidistra* and *Ficus*.

2½ inch pots, \$0 35 each; \$ 3 50 per dozen.
5 " " 2 50 " 30 00 " "

Amabilis. A strong growing variety that quickly forms large specimens, prettily variegated green, white and pale violet, turning to rose.

3 inch pots, 30 cts. each; \$3 00 per dozen.
4 " " 40 " " 4 00 "
5 " " 50 " " 6 00 "

Fragrans. 2 inch pots, \$1.25 per doz.; \$10.00 per 100.

Ferrea. Dark, coppery-bronze foliage. 3 inch pots, \$2.00 per doz.; \$15.00 per 100.

Imperialis. Foliage green, changing to rose with white edge.

3 inch pots, 30 cts. each; \$3 00 per dozen.
4 " " 40 " " 4 00 "
5 " " 50 " " 6 00 "

Gracilis. Graceful narrow-leaved sort; bright green, with coppery-crimson edge. 3 inch pots, 30 cts. each; \$3.00 per dozen.

Lindeni. 6 inch pots, \$1.00 each.

Massangeana. 6 inch pots, \$1.00 each.

Sanderiana. An entirely distinct species, with thick-textured, narrow leaves, which are closely set on slender, upright stems, variegated, with silvery white and green bands alternating, and of various widths, the whole surface of the plant being covered with a silvery sheen of bloom. It is altogether different from anything heretofore known in the way of Dracenas. Good young plants, 3 inch pots, 30 cts. each; \$3.00 per dozen.

Terminalis. 2 inch pots, \$1 00 per doz.; \$7 00 per 100.

Justicea Velutina.

A pretty dwarf, free-flowering species, producing large heads of light pink flowers.

3 inch pots, \$1.25 per doz.; \$8.00 per 100.

Lapageria.

We offer a good lot of plants in 5 inch pots.

Alba, \$3.00 each.

Rosea, \$1.50 each.

Laurustinus.

A nice lot of bushy plants of this old favorite greenhouse shrub, which will flower freely next winter.

5 inch pots, 35 cts. each; \$3.50 per dozen.

Macrozamia Elegantissima.

A beautiful Cycad with remarkably fine graceful foliage of a rich deep green color; a handsome plant for table decoration. We offer a limited number of 5 inch pots, bushy plants, about 15 inches high, \$2.00 each.

Marantas.

Makoyana. 3 inch pots, 35 cts. each; \$3.50 per doz.

Zebrina. 6 " " 75 " " \$1.00 "
7 " " 1.00 "

Musa Ensete. (Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

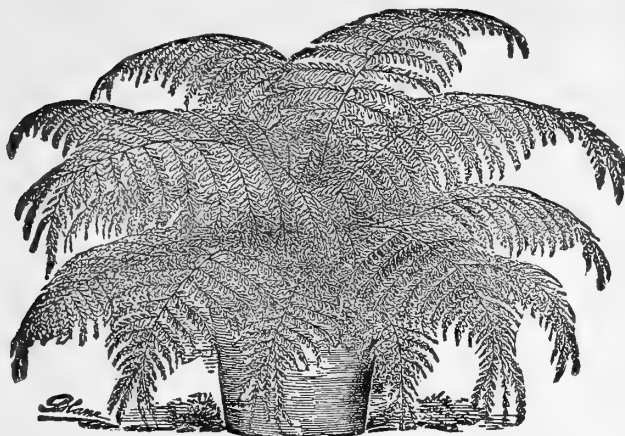

Strong 5 inch pots, 50 cents each; \$ 5.00 per dozen.

" 6 " \$1.00 " 10.00 "

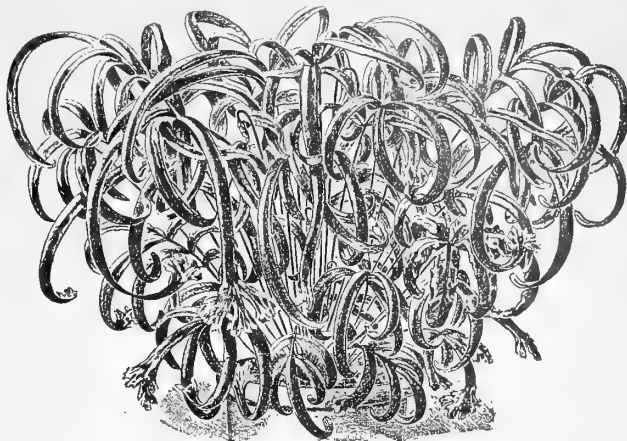

Otaheite Orange.

Bushy plants, 5 inch pots, 35 cts. each; \$3.50 per dozen.

" 6 " " 50 " " 5.00 "

MICROLEPIA HIRTA CRISTATA.

PTERIS SERRULATA VOLUTA.

FINE FERNS.

As usual our stock of Ferns is very large, about 500,000 being now in pots ready to send out. Our collection has been especially selected for florists' use, discarding all such as are only useful in a botanical collection.

CHOICE VARIETIES OF SPECIAL MERIT.

Adiantum Farleyense.

Nice young, thrifty stock for growing on.

3 inch pots, \$2.50 per dozen; \$20.00 per 100.

4 " " 5.00 " 40.00 "

5 " " 9.00 " 70.00 "

Adiantum Lathomi.

Always scarce, and in our estimation (excepting A. Farleyense) the most beautiful Adiantum in cultivation, for growing into specimen plants. We have a fine lot of 3 inch pots which we can supply at \$2.00 per doz.; \$15.00 per 100.

Adiantum Rhodophyllum.

This variety is always scarce, and while it does not compare with Farleyense in a large specimen, in a small plant it resembles it very much, and has the advantage of succeeding under ordinary cultivation.

2 inch pots, 75 cts. per dozen; \$6.00 per 100.

3 " " \$1.25 " 8.00 "

Adiantum Caudatum and Adiantum Dolabriformis.

Two pretty species especially adapted for baskets. They are of a peculiar creeping or drooping habit, with long fronds, at the ends of which young plants are produced.

3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Doodia Aspera Multifida.

A most desirable dwarf-growing Fern which will prove invaluable for use in fern dishes. It is of compact, bushy habit; the young fronds a beautiful pink, which changes to a deep green, and are freely crested on the ends.

2½ in. pots, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Microlepia Hirta Cristata.

We consider this one of the finest Ferns in cultivation to grow into specimen plants, and while it is of such a delicate, graceful appearance, that would lead one to think that it was useless as a house-fern, it is, nevertheless, one of the best for this purpose, and when well grown meets with as ready sale as the popular Boston Fern. It is seldom that we are in a position to offer it in quantity; this season our stock is exceptionally large, which enables us to offer it at the following low prices:

2½ inch pots, 75 cts. per dozen; \$ 6.00 per 100.

3 " " \$1.25 " 10.00 "

Nephrolepis Exaltata Bostoniensis.

2 inch pots, 75 cts. per doz.; \$ 6.00 per 100.

4 " " \$3.00 " 25.00 "

5 " " 5.00 " 40.00 "

Nephrolepis Cordata Compacta.

In our estimation this variety is the finest of all the Sword Ferns; it is of free, strong growing, compact habit, attaining when fully grown, a height of about 2 feet. The fronds, which are of a dark green color, are very rich, of upright growth, with just sufficient arch in them to make them graceful.

2½ in. pots, 75 cts. per doz; \$5.00 per 100; \$45 per 1000.

4 " " \$2.50 " 20.00 "

Pteris Wimsett

Another new variety, and one that is certain to become popular and a standard sort. It is of the same type as *P. Cretica Magnifica*, but, in addition to the crest on the ends of the fronds, the pinnae are peculiarly toothed or lobed on the sides, giving it a most distinct appearance. We have a large stock of this variety, which enables us to offer it at once at a popular price.

50 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Pteris Tremula Smithiana.

A crested form of *P. Tremula*, introduced some ten years ago, but which has always been scarce, and has never been offered in large quantities. We have succeeded in producing a large stock, enabling us to offer it at a low price. This variety is especially adapted to grow into 5 or 6 inch pots, in which shape it meets with ready sale, being of bold, attractive and graceful appearance.

50 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Pteris Serrulata Voluta.

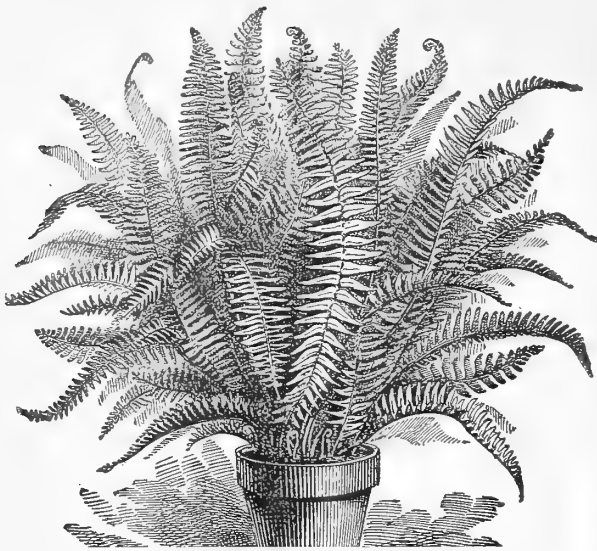

This desirable Fern is one of the most distinct varieties of *Pteris Serrulata* yet introduced, the volute or curled appearance of the pinnae being very noticeable, not only in the mature plants, but also in the young state. Its elegant appearance being also further enhanced by the tips of the incurved pinnae being prettily crested.

2½ in. pots, 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Pteris Biaurita Argentea.

This is a compact form of *P. Argyrea*, which it resembles in every way except that it is more miniature in growth and the fronds heavier, thicker, and of more substance, making it valuable for general use, as it withstands dry atmosphere much better than the type.

2½ inch pots, 75 cts. per dozen; \$6.00 per 100.

Peperomia Metallica.

2½ inch pots, 75 cts. per doz.; \$6.00 per 100.

Two New Russelias.

The Russelias are useful basket or vase plants, of graceful drooping habit, producing freely rich colored tubular flowers. The varieties here offered are entirely distinct from the old favorite *Russelia Juncea*, and are a distinct break in this class of plant.

Lemoinei Multiflora. The primary stems are strong and vigorous, flower panicles being extremely long and are covered with tassels of flowers one above the other; color a magnificent coral red. 15 cts. each; \$1.50 per dozen.

Lemoinei Elegantissima. The primary stems are finer than in *Multiflora*, and closely covered with foliage; very graceful in their arching form; the bloom is so freely produced as to completely cover the plant; flowers bright, soft red. 15 cts. each; \$1.50 per dozen.

Smilax.

2½ inch pots, \$3.50 per 100; \$25.00 per 1000.

PALMS Our Leading ...Specialty.

We again call special attention to our stock of Palms, which is the largest and most complete in the country, especially in the varieties and sizes used in the general florist trade. Our stock of Kentias alone occupying over one and a half acres of glass, and all other popular varieties being on hand in proportionate quantities.

Special Notice.—Our measurements of plants where given, as in the case of Palms, etc., etc., means the height of the plant from the *top of the pot to the top of the plant in its natural position*. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.

Areca Lutescens.

We offer a fine lot of clean, thrifty plants of this graceful and popular variety, in medium and large sizes. They are scarcer than they have been for the past six years, and prices are, in consequence, somewhat higher.

Stigmaphyllon Ciliatum.

The Brazilian Orchid vine, producing freely beautiful yellow Oncidium like flowers. 3-inch pots, 35 cts. each.

Tropæolum Phoebe.

A most attractive and deliciously-scented variety, producing flowers throughout the winter and summer season of a deep, golden-yellow, with a rich crimson feathered blotch in each segment, outer edges notched or scalloped, the whole forming into an exquisitely shaped blossom ; admired by all, and a decided improvement on all existing varieties in this class.

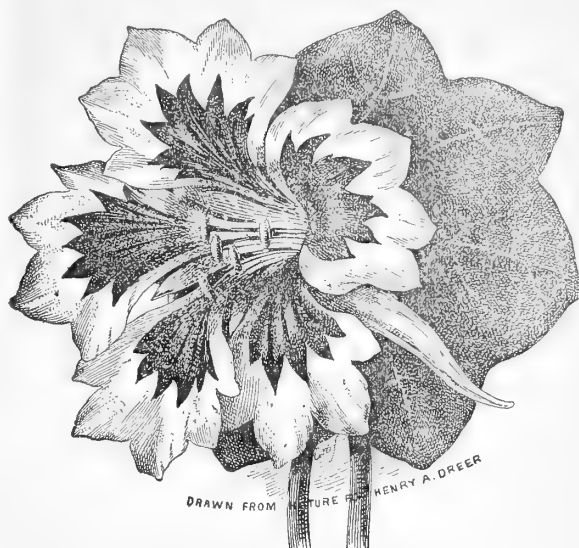

A free and vigorous grower. When in the height of its perfection, strings of growth, resplendent with its glorious parti-colored flowers, can be cut for decoration 8 to 10 feet long, a decided acquisition as a trailer in the greenhouse or conservatory in early spring, and out-doors during summer. \$1.00 per doz. ; \$8.00 per 100.

Japanese Nananized Evergreens.

(Thuya obtusa nana.)

We have an interesting lot of these curiously trained dwarfed Japanese Evergreen Trees, many of them nearly a century old. They are quite popular at present, and frequently exorbitant prices are paid for them at Japanese sales.

Our stock is all established in pots, which ensures their success. \$3.00 to \$6.00 each, according to shape of plant.

Selected First Size Named Hyacinths.

The superiority of Named Hyacinths for forcing and bedding is attested by the increased sales of the past few years. They can always be depended upon to produce large, full spikes, which command a much higher price and readier sale than the inferior blooms produced by the mixed sorts.

Dreer's Reliable Flower Seeds.

We give close attention to the Flower Seed department of our business, which is probably the largest in quantity and variety in this country. Our constant aim is to procure the very best strains obtainable, both of home and foreign growth, and we spare no pains or expense with this object in view. We call special attention to our choice strains of Cineraria, Carnations, Calceolaria, Cyclamen, Gloxinia, Pansy, Primula, etc., which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third.

Vegetable Seeds *For Summer ...Sowing.*

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months, a constant supply of fresh vegetable may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage; sweet corn, 10 cents per quart additional. We pay postage on small seeds by the packet, ounce or quarter pound. On pound prices, add 8 cents for each lb. if wanted by mail. By express, at catalogue prices.

MASTICA.

For glazing greenhouses, new or old. Elastic, adhesive, easy to apply. Every florist has experienced difficulty in getting putty that is satisfactory for any length of time. The fact is, putty is not adapted to stand the severe and varied tests to which it is subjected on a greenhouse. Mastica being elastic, is not affected by the expansion and contraction, and retains this property for years.

One gallon will cover about 300 running feet (one side).

1 gallon, \$1.25.

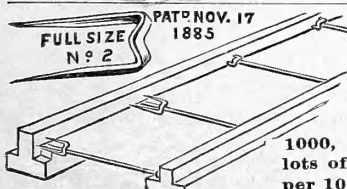

Mastica Glazing Machines (see cut), \$1.00 each.

Universal Glass Cutter.

Will never lose the point. It works entirely different from all others, having a diamond in one corner and a wheel in the other, thus giving a sure cut. The cocoa handle cutter has diamond nearly twice the size of the ebony handle.
